

# FINANCIAL PORTFOLIO

Name: \_\_\_\_\_

Hour: \_\_\_\_\_

How will you invest your money? You have \$15,000 to save and invest. List the amount of money, type of investment, and how much the investment might earn. To minimize your risk, choose at least three investment types.

| Amount to Invest | Type of Investment<br>(Stock, Bonds,<br>Objects, etc.) | Website Where<br>Information<br>Was Found | Expected Earnings |
|------------------|--|---|-------------------|
|                  |  |   |                   |
|                  |  |   |                   |
|                  |  |   |                   |
|                  |  |   |                   |
|                  |  |   |                   |
|                  |  |   |                   |

Explain your reasoning for your choices of investments:
