**George Mason**

@GMason

Seriously, does this new Constitution even protect individual rights? #BOR

**Alexander Hamilton**

@Publius

@GMason Before I even address this, what is #BOR?

**George Mason**

@GMason

@Publius BILL OF RIGHTS! There has to be something that protects my freedom of speech and press, rights for those accused of a crime! #BOR

**George Mason**

@GMason

@Publius w/o more limitations to this “new government” we’ll have another King George situation on our hands.

**Alexander Hamilton**

@Publius

@GMason the AOC can hardly protect us now... we need a stronger national government #newconstitution #liftingweights #ratifynow

**George Mason**

@GMason

@Publius a stronger national government will lead to direct TYRANNY!  
#noKG3 #toomuchpower #liftlessweights

**Alexander Hamilton**

@Publius

@GMason The CONST. includes FEDERALISM #statepower #nationalpower  
#powerlimited #notyranny

**Alexander Hamilton**

@Publius

@GMason not to mention the 3 branches (leg, exec, jud.) have  
#separatepowers in the Nat'l Gov. #limitedgovernment #ratifynow

**George Mason**

@GMason

@Publius shouldn't power be given to those at the local level? Gov. can only be beneficial if it knows the problems of the people. #powertothepepl #statesrights #individualrights

**Alexander Hamilton**

@Publius

@GMason the state government and people will still have power because of systems like checks and balances that ensure no branch becomes too powerful. #ratifynow

**George Mason**

@GMason

@Publius that is not enough. We need a #BOR to protect individual freedoms. #freedom #morechecks #notyranny

**Alexander Hamilton**

@Publius

@GMason no #BOR needs to be added. LIBERTY is defended enough through the Constitution and to ensure that FREEDOM we must ratify it! #newconstitution #ratifynow
